the time, but in the eighth game, young Beale won out as the star by a circus catch. The ball went up in the big beech tree, but the little fellow pulled it down, fell and rolled over two or three times, but hung onto the sphere like "grim death to a dead injun."

There were visitors present from all the surrounding towns, and the gener-

Last Friday afternoon the city team went down intending to show the little school boys a few base ball stunts, but they came back a sadder and wiser bunch. The "kids" walloped it to 'em to the tune of four to six.

County Agriculturist

The work last week was somewhat of a miscellaneous character, dealing with several different lines of work including "Pedigreed Seed," Farm Engineering, County Organizations and Live Stock Disease projects. The early part of the week "seed corn" was delivered to members of local Seed Organizations in various parts of the county. The middle portion of the week was occupied with work along farm engineering lines. Mr. A. E. Roebly, extension worker for the Agricultural College, was present in the county giving advice to several men who were interested in heat, lighting and water systems for country homes. He will return the latter part of June to assist in installing some of these systems. Friday and a portion of Saturday of last week were spent at East Lansing attending a meeting of County Agents with the State Live Stock Sanitary Commission. The object of this meeting was to instruct the County Live Stock Commission in the control of disease in their respective counties, emphasis being especially laid upon "hog cholera."

This office will assist the County Agriculturist of Saginaw county with an alfalfa campaign during the week beginning June 7, so the agriculturist will be out of the County a portion of that week.

There is every indication that the meeting June 30 in the Federal Building, of the St. Clair Farmers' Federation, will be largely attended.

Notice-Recall Election

Whereas a duly verified petition, signed by more than twenty-five per centum of the number of electors who voted for Governor at the last preceding election in the Third Ward of the City of Yale, St. Clair County, Michigan, as provided by Act No. 325 of the Public Acts of 1913, entitled "AN ACT to provide for the recall of certain elective officers and for the election to fill the vacancy created thereby," was filed with George McIntyre, Mayor of the City of Yale on the 26th day of May, 1918, said petition demanding a recall of George Gardner, Alderman of the City of Yale from the Third Ward, for the following reasons:—

"1. Because, in our opinion, the said George Gardner is incompetent to discharge the duties of Alderman of the City of Yale.

"2. Because he voted for an ordinance, passed by the Common Council of the City of Yale on May 3rd, 1915, restricting the territory within the City of Yale, within which liquor may be sold, thus placing the Cryer House, the only hotel in the Third Ward outside of the District within which license may be granted, and depriving the Ward of its only hotel, the maintenance of which hotel is necessary to the best interests of the electors of said Ward.

"3. Because, as he testified on the stand in the Circuit Court, the only reason why said ordinance was passed was to prevent Silverthorn from securing a license.

"4. Because he has made no effort to represent the interests of the residents of the Third Ward.

"5. Because it is demoralizing to the best interests of the City of Yale to have the Common Council thereof controlled absolutely, by a man engaged in the liquor business.

THEREFORE, NOTICE IS HEREBY GIVEN to the electors of the Third Ward of the City of Yale, St. Clair County, Michigan, that an election will be held on MONDAY, THE 7th DAY OF JUNE, A. D. 1918, in the Council Chambers, on Jones Street in the City of Yale, at which election will be submitted to the electors of the Third Ward, the question of whether or not the said George Gardner shall be recalled from the office of Alderman of the City of Yale, for the reasons set forth in said petition. The polls of said election will be open from 7:30 o'clock a. m. to 5:00 o'clock p. m., of said day of election.

Dated this 30th day of May, A. D. 1918

Repeating Rifles

There are more Winchester rifles used for hunting than any other make. Why is this? It is because they are so generally satisfactory. Experienced shooters know Winchester rifles can be depended upon absolutely. Then again they are made in all calibers and styles, suitable for shooting any kind of game. For a good sportsmanlike rifle that shoots strong and accurately, and gives years of service, no rifle can beat the Winchester. No need to hesitate in buying a rifle—get a Winchester. Always use Winchester cartridges in Winchester rifles as they are made for each other and hence give best results. It pays to insist upon having and to
